Bad Roads Make Travelling Hard for Competitors in 25-Mile Race.

That a good working wind was as essential to the winning of marathon runs as a sturdy pair of legs was manifested in the victory of Arthur J. Roth, of the Mohawk Athletic Club, in the running of the Bronx County twentyfive-mile run, held under the auspices of the Pennant Athletic Club, yesterday. It was not until the last half-mile that the young Brons athlete moved into the lead, after several of his most dangerous rivals had run themselves into the ground in the last few miles. Roth completed the course in 2:43:40, a creditable performance in the face of the bad condition of the roads.

In second place, some 300 yards back, came Hans Schuster, the strong runner of the Swedish-American Athletic Club, in the time of 2:49:07, with Harry Lucas, the Cuban runner, of the Morningside Athletic Club, who made great strides toward the front in the last stages of the race, finishing third, in 2:52:10. William Rozette, the veteran of the Pennant Athletic Club, was fourth, and trailing far behind him et a snail's pace came Hugh Honohan, the star of the New York Athletic Club.

With the start at 144th Street and Third Avenue, the competitors had to go over a trail that led up as far as Drake Avenue, in New Rochelle, to complete the distance. Honohan's retrogression began at the twentieth mile, at which section he settled down to a walk in taking the steep Boston Post Road incline. Fair Jockey Must Stay on Treadmill

Louise Murray, the (or an) actress has warned the Jockey Club that she is thoroughly a suffragist, in that she wishes her application for a jockey license to be favorably acted upon. In other words, Miss Murray is in favor of jolts for women.

Upon the receipt of a letter from Major Algernon Daingerfield, assistant secretary of the Jockey Club, in which the major courteously in-formed Miss Murray that under the present arrangement of racing it would be odd for a lady jockey to compete with men jockeys, Miss Murray wrote requesting the privilege of appearing before the stewards in person.

Further, to convince them of her sincerity of purpose and of her lack of desire for publicity, she has invited them to a private race on the stage of an opera house. She will demonstrate her ability to ride a horse in a treadmill.

BIG SOCCER MATCH

With no other soccer games scheduled, a record crowd attended the international double-header staged at Lenox Oval yesterday afternoon and watched America down the Continent, after Scotland had disposed of England.

The Yankees, in a fast game, in which the speed limit was at times exceeded by both sides, obtained the verdict by 5 goals to 3, although the losers led at one time by 2 to 0. The Thistle triumphed over the Rose by 3 goals to 0.

Donovan to parade before Jimmy Duggan, chief liniment dispenser under the Donovan administration.

The opening day programme, as made out by Donovan last night, called for two practice sessions to-day, one serving as an appetizer for the noonday fare at the liotel Dempsey, and the second session to aid in the digestion thereof. Every one of Captain Huston's athletes got an 8 o'clock call, but morning practice was not held, as the uniforms had not arrived at the hotel. The missing articles came in time for a workout this afternoon, and, with a warm sun giving its support, the practice showed plenty of action.
